

Infinity trimless

A range of square recessed trimless compact fluorescent downlights suitable for plaster ceilings. Infinity is equipped with an adjustable mounting system, which can be attached to the ceiling panel. Plastering can be done flush to the square frame of the downlight.

Infinity optic has a matt anodized 99.95% aluminium reflector and standard a glare-reducing louvre.

Infinity diffuser is equipped with a matt opal diffuser creating a decorative illumination effect. The diffuser is equally back-lit to the edges of the rectangular ceiling opening providing a minimalistic appearance.

Design: Philip Feenstra, 2007
