

## Meson round

**Meson round 190** is a range of recessed high performance LED downlighters with a reflector unit containing the power LEDs covered by a prismatic lens or a dual satin opal diffuser. The cover is either mounted flush into the trim or recessed in combination with a matte or specular glare reducing reflector. Meson round 190 delivers warm white light with an excellent colour rendering index (CRI) of 87. The long life means zero maintenance and no lamp replacement. A high performance driver with an electronic power factor correction is included. A wire-sprung spring attachment allows easy installation in false ceilings.

Due to constant improvements of our LED performances, the light output is constantly updated in the specification sheets on our website.

Design: Team Atomis / Philip Feenstra, 2009

Meson round 190 with prismatic lens

code	colour	W	lamp flux(lm)	LED eff.(lm/W)
44.410	white	14.1	950	67.4
44.411	silver grey	14.1	950	67.4
44.412	white	19.3	1330	68.9
44.413	silver grey	19.3	1330	68.9
44.414	white	24.6	1900	77.2
44.415	silver grey	24.6	1900	77.2
44.800	Dimmable version 0-100% (1-10V / PUSH)			
44.810	Additional 1 hour emergency lighting			
Meson LEDs have a correlated colour temperature (CCT) of 3000K
